AND RECEIVED BY (Date) March 4, 2014

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

The State Building Code Council was moved from the Department of Commerce to the Department of General Administration and then the Department of Enterprise Services. This rule defining the term "Building Permit" for application of RCW 19.27.085 is being moved from a Department of Commerce WAC into the State Building Code Council WAC to remain with the intended program. In addition, model codes from a different publishing body were adopted in 2003 and references within this WAC need to be updated to reflect that change.

Reasons supporting proposal: WAC is recodified to remain with applicable program and updated to current standards.
